Title: Facilitate learning using a variety of methodologies

Level: 5

Credits: 10

Facilitator Skills Programme

Purpose

The Facilitator Skills Programme equips delegates with the skills, knowledge, positive attitude and healthy values required to facilitate learning, using a variety of methodologies.

Learning Assumed to be in Place

Learners should be competent in the learning area in which they will provide training.

Target Group

Supervisors, managers or education, training and development practitioners.

Duration

4 days

OUTCOMES

- Demonstrate understanding of facilitation and adult learning
- Analyse the profile of an effective facilitator and learn the core skills
- Understand human behaviour
- Plan for facilitation
- Facilitate learning
- Conduct formative assessment
- Report on learner progress
- Review facilitation

The HEART Difference

- Our learning facilitators are passionate subject matter experts who support the learning and growth journey of every participant, enabling self-efficacy.

Benefits for Delegates

- Confidence in their ability to apply the principles and models and to contribute value through purposeful motivation.

Post-Training Guidance & Support

- Candidates who register on our website enjoy access to practical tools and templates to enhance their expertise further.

Recognition of Prior Learning

- Candidates with prior learning and experience can obtain recognition through a summative assessment.
